

# HENRY JACQUES

## Product Safety Data Sheet

---

### Section 1 - Product and Company Identification

---

**Product Name :** Xantor

UN-N° (ADR) : 1266

**Collection Reference :** Les Classiques de HJ

**Manufacturer :** Créations Henry Jacques

64 chemin de la Sirène –Vieille Route de Grasse

83300 Draguignan-France

---

### Section 2 - Composition / Information on Product

---

**Product Description:** yellow to orange Liquid with a characteristic Scent.

**Chemical Formula:** Essential Oils and Alcohol.

**Chemical Family Name:** Fragrance Oil.

---

### Section 3 - Hazards Identification

---

#### Potential Health Effects

**Health Risks:** According to the present state of knowledge, provided that this product is used according to standard practice, there is no danger to humans.

**Eyes:** Mild ocular irritant if spilled in eyes, wash with water.

**Skin:** Not irritant when applied under typical use conditions.

**Ingestion:** Health risk only upon ingestion of large quantities.

**Inhalant:** Not irritant.

**Carcinogenicity:** IARC, NTP, and OSHA do not list this product as a carcinogen.

#### Physico-Chemical Hazards:

**Inflammable:** Flammable liquid and vapor.

---

### Section 4 - First Aid Measures

---

**Inhalation:** Remove to fresh air. If symptoms of irritation, seek medical advice.

**Eye Contact:** Immediately flush eyes with large quantities of water for at least 15 minutes.

**Skin Contact:** Wash with soap and water; flush with a large quantity of water.

**Ingestion:** Do not induce vomiting. In case of ingestion of large amount of product, seek medical advice.

## Section 5 - Fire-Fighting Measures

---

**5.1. Extinguishing Media:** Carbon Dioxide, Dry Chemical, Universal Type Foam

**5.2. Fire hazard: Flammable liquid and vapors**

**5.3. Advice for firefighters:**

Firefighting instructions: Evacuate the danger area. Do not breathe fumes. Cool down the containers exposed to heat with a water spray. Do not dispose of fire-fighting water in the environment.

Protection during firefighting: Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

## Section 6 - Accidental Release Measures

---

**Spill /Leak Procedures:** Contain spilled material. Avoid open flames or other sources of ignition. Avoid inhalation of vapors. In confined, poorly ventilated areas the use of NIOSH approved respiratory protection may be required. Cover with an inert non-combustible absorbent material and remove to an approved disposal container. Dispose of it in accordance with local, state and federal regulations.

## Section 7 - Handling and Storage

---

**Handling Precautions:** See Section 8.

**Storage Requirements:** This material should be stored, handled and used in accordance with good industrial hygiene practices and in conformity with legal regulations. It is recommended that this material be stored in a cool, well ventilated area, avoiding open flames or other sources of ignition.

**Cleaning of Equipment:** Wash with plenty of water.

**Large Spills:** Do not let liquid drain into rivers, ponds or sewer system.

## Section 8 - Exposure Controls / Personal Protection

---

**Ventilation:** Provide general or local exhaust ventilation systems to maintain airborne concentrations below OSHA PELs. Local exhaust ventilation is preferred because it prevents contaminant dispersion into the work area by controlling it at its source.

**Respiratory Protection:** In well ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas, the use of NIOSH approved respiratory protection may be required.

**Protective Clothing/Equipment:** Wear chemically protective gloves, boots, aprons, and gauntlets to prevent prolonged or repeated skin contact. Wear protective eyeglasses or chemical safety goggles, per OSHA eye-and-face-protection regulations (29 CFR 1910.133). Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.

**Safety Stations:** Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

**Contaminated Equipment:** Separate contaminated work clothes from street clothes. Launder before use. Remove this material from your shoes and clean personal protective equipment.

**Comments:** Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

## Section 9 - Physical and Chemical Properties

---

**Appearance and Odor:** Yellow to orange Liquid with a characteristic Scent.

**Specific Gravity (H<sub>2</sub>O=1, @20°C):** N/A.

**Refractive Index:** N/A.

**Flash Point:** 17°C-60°C

**Flash Point Method:** NF EN ISO 2719

## Section 10 - Stability and Reactivity

---

**Flammable liquid and vapors.**

**Stability:** Stable under normal conditions.

**Polymerization:** None known

**Chemical Incompatibilities:** None known

**Conditions to Avoid:** Excessive light or heat. No flames. Eliminate all sources of ignition.

**Hazardous Decomposition Products:** None known

## Section 11- Toxicological Information

---

**Safe for human use when applied under typical conditions.**

**Contact with Eyes:** Irritant.

**Contact with Skin:** Not irritant when applied under typical use conditions.

## Section 12 - Ecological Information

---

**Avoid discharge in drains or environment.**

## Section 13 - Disposal Considerations

---

**Disposal:** Dispose of in accordance with local, state and federal regulations.

## Section 14 - Transport Information

---

**See Section 5 for Transportation Classification as per DOT Requirements (49 CFR 172.101)**

**In accordance with IMDG / IATA / UN RTDG**

UN RTDG	IMDG	IATA
14-1 : UN Number		
1266	1266	1266
14-2 Proper Shipping Name		
Perfumery Products	Perfumery Products	Perfumery Products
14-3 Transport Hazard Class (es)		
3	3	3
		
14-4 Packing Group		
III	III	III

## Section 15 - Regulatory Information

---

### **EPA Regulations:**

RCRA: This product is not regulated as a hazardous waste under RCRA.

CERCLA: None (not regulated).

SARA: None (not regulated).

TSCA: This product is exempt from the definition of TSCA.

**OSHA Hazard Communication Standard (29 CFR 1910.1200):** See Hazardous Identification System in Section 3.

## Section 16 - Other Information

---

**Issued By:** REGULATORY AFFAIRS DEPARTMENT.

**Prepared By:** Valerie Perdigon.

**Issue/Revision Date:** 15/07/2020.

**Date of Last Issue/Revision:**
